

We are pleased to invite you to the 3<sup>rd</sup> meeting in the Global Action Network  
*Sustainable Food from the Oceans and Inland Waters for Food Security and Nutrition.*

6 March 2019, Bergen, Norway

This meeting is a follow up of the 1<sup>st</sup> meeting 5 July and the 2<sup>nd</sup> meeting 18 October 2018.

A Mission Statement, a Concept Document and an Action Plan are developed based on the inputs during the first two meetings. We are happy to present the updated versions of the these documents. The network meeting **6 March 2019** will include a workshop. We will look at the elements of food security (access to sufficient, safe and nutritious food, meeting dietary needs and food preferences) and:

- discuss/exchange challenges, available resources/science and knowledge gaps
- exchange/elaborate on possible actions and SMART-commitments
- identify relationships between actions/SMART-commitment's and the CFS recommendations and the Sustainable Development Goals (SDG).
- discuss ways to network towards common goals, including identifying measurable actions

A "Gaining and sharing document" is prepared to facilitate the discussions.

Please find more details about the meeting in the agenda. Updated information will be available on the Global Action Network webpage:

<https://nettsteder.regjeringen.no/foodfromtheocean/>

**Sign up to the meeting by sending an email to: [foodfromtheocean@nfd.dep.no](mailto:foodfromtheocean@nfd.dep.no)  
Kindly register no later than 1<sup>st</sup> of March 2019.**

We will facilitate so that those of you who cannot travel can participate electronically.

We look forward to welcoming you at the meeting

Venue Address: Norwegian Institute of Marine Research, Strandgaten 196, Bergen, Norway  
(The North Atlantic Seafood Forum (NASF) takes place in Bergen 5<sup>th</sup> to 7<sup>th</sup> of March. We are organizing a side-event 5<sup>th</sup> of March at NASF Day 0, to bring attention to our mission. You are welcome to participate at this event. Information will soon be available at our webpage).
